SECTION 6 — PROPERTY DAMAGE (NON-VEHICLE)

	None.
--	-------

SECTION 7 — NARRATIVE

On Sunday March 8, 2026 at approximately 06:33 hrs, this officer responded to the intersection of 15th Ave NW and NW Market Street on report of a two-vehicle collision with injuries. Weather conditions at the time consisted of dense fog with visibility estimated at approximately 150 feet. Roadway surface was wet. V1 (2022 Honda CR-V, Huang) was traveling westbound on NW Market Street under a green signal phase when V2 (2017 Chevrolet Malibu, Okafor) entered the intersection from 15th Ave NW traveling northbound. Witness Leonard Byrd, positioned on the southeast sidewalk, stated that V2 appeared to slow but did not stop at the red signal and entered the intersection into the path of V1. V2 struck the driver-side door of V1 at an estimated 25–30 mph. V2 passenger Sophia Okafor reported neck pain and was evaluated by Seattle Fire Dept. Medic 31 personnel at the scene. She was transported to Harborview Medical Center for further evaluation. Both drivers were assessed at the scene and declined transport. V1 airbag deployment rendered the vehicle inoperable; V1 was driven from the scene under its own power after confirmation of drivability. V2 was towed by Pacific Rim Towing due to radiator damage and coolant loss. Driver Okafor was cited under WA RCW 46.61.190 for Failure to Yield Right of Way. Scene photographs and signal phase documentation were uploaded to the case file.
