SECTION 7 — NARRATIVE

On Saturday May 9, 2026 at approximately 17:28 hrs, this officer was dispatched to the intersection of Canal Street and Bourbon Street in New Orleans following a two-vehicle rear-end collision with injuries. Rain was moderate and the roadway was wet. V1 (2021 Toyota Corolla, Thibodaux) was stopped at the red signal at Bourbon Street. V2 (2017 Chevrolet Silverado, Fontenot) was traveling eastbound on Canal Street and struck the rear of V1 at an estimated 30 mph, causing airbag deployment in V2. Witness Vivienne Broussard, standing on the sidewalk on the south side of Canal Street, confirmed V1 had been stationary for the full signal cycle and that V2 did not visibly brake prior to impact. V1 passenger Jean-Paul Thibodaux reported neck stiffness consistent with low-severity whiplash and was transported by New Orleans EMS Unit 9 to Tulane Medical Center for evaluation. Both drivers were uninjured. V2 was towed by Crescent City Towing due to airbag deployment and front-end structural damage. V1 was driven from the scene. Driver Fontenot was cited under LA RS §32:81 for Following Too Close. Scene photographs were taken and uploaded to the case file.
