Snow was falling moderately and the roadway was snow-covered and slippery. Both vehicles were traveling northbound on Broad Street in adjacent lanes as traffic merged toward a single-lane bottleneck at the Pattison Avenue signal. V2 (2018 Ford Explorer, Murphy) initiated a merge left into the lane occupied by V1 (2020 Nissan Sentra, Thornton) without sufficient clearance, making sideswipe contact. Neither driver was injured. No passengers were present in either vehicle. No witnesses were identified. Both vehicles were drivable and remained on scene. Driver Murphy was cited under PA 75 Pa.C.S. §3314 for Unsafe Lane Change.
